

LOW PRESSURE FILL HOSE REELS

1/2" x 100-ft. capacity
1/2" hose swivel valve

3/4" x 100-ft. capacity
3/4" hose swivel valve

Heavy Duty Hand Crank Hose Reels

Reelcraft's low pressure reels are designed for rugged, heavy duty applications requiring long lengths of hose and large storage capacity

- Hose replacement made easy - the goose neck can easily be removed to simplify adding long lengths of small diameter hose to the reel.
- Unitized, heavy gauge steel frame—no welds to fatigue
- Carry up to 100-ft. of 3/4-in. garden hose
- Quality finish and corrosion resistant - individually powder coated components offer the maximum protection from premature corrosion.
- Easy to add tension - the T-handle tensioning device allows proper tension to be applied to the spool to eliminate the free spooling of the reel.
- Full flow hose swivel sized for connection to the supply hose
- Available options include a motor driven reel and side mounted transportable wheeled cart.
